PRESS RELEASE

September 25, 2009 7:58 p.m.

09-64317

On September 25, 2009 at 7:58 pm officers were dispatched to the area of Lake Boulevard and Keswick Dam Road on the report of an intoxicated female stumbling in the roadway. As officers arrived, they located an unidentified female lying in the roadway unconscious. She had apparent injuries to her head and legs.

After conducting an investigation, it was determined the unidentified female had been walking in the area and appeared to be intoxicated. She began walking south on Lake Boulevard in the northbound lanes. As she walked into the northbound lanes of Lake Boulevard, she was struck by a Blue Ford Taurus driven by Monica Lynn Sainz (46 of Redding). Alcohol was not a factor on the part of the driver.

The unidentified female was attended to by the Redding Fire Department and AMR ambulance. She was transported to Mercy Medical Center for medical treatment. At this time we are still seeking the identity of the female who was listed in critical condition by medical staff.
