PRESS RELEASE

01-13-10 4:00 A.M.

Power Outage

On Tuesday, 01-12-10, approximately 11:00 P.M. the Redding Police Department was advised of a power outage in the area of Lake Blvd. and Oasis Rd.

Redding Electric Utilities responded to the area and found a transformer which they believe had been struck by lightning, causing a power outage along Lake Blvd. generally from St. Marks St. to Oasis Rd. Consequently, the signal lights at both Tamarak Rd. and Oasis Rd. have been rendered inoperable.

City of Redding Streets Division responded to the signalized intersections and temporarily posted them with stop signs.

At the time of this press release, Redding Electric Utilities could not estimate when power would be restored.

The Redding Police Department requests the motoring public exercise caution while driving in the area.
